SUBJECT	DIZTAG/Operations Recontact of CAPEDEL-1																																															
ACTION REQUIRED - REFERENCES																																																
<p>1. Munich Base is conducting a survey of past and present operational assets in order to determine which of these might be of use in Czech operations. Our renewed interest was prompted by the possible forthcoming relaxation of travel restrictions between West Germany and the CSSR, which should offer certain advantages for mounting operations into the CSSR from Munich. One group of interest is the Sudetendeutsche Landsmannschaft (SDL) which is largely centered in Munich and whose members may be expected to take advantage of the new travel regulations in order to visit relatives and friends who still reside in the CSSR.</p> <p>2. <u> </u> has recontacted CAPEDEL-1 a Sudeten German with extensive contacts in the SDL, in order to explore his potential for acquiring access to pertinent SDL files which might assist us in spotting agent candidates. C-1 claims that he can help us in our spotting efforts and believes that he can acquire information from SDL files. Knowing his background, we are inclined to believe that he can. We have reviewed the C-1 file and, since he was terminated without prejudice and has been successfully <u>LCFLUTTERED</u> five times, we would like to explore the matter further to determine to what extent he can assist us. We have no plans at this time for re-hiring C-1 on a permanent basis. Headquarters authority is requested to pay him a retainer, under an MOA, on a month-to-month basis so long as his services are beneficial, but not to exceed six months. If a more permanent arrangement later appears indicated, we will so advise Headquarters and take the necessary steps. We assume that our present operational contact with <u> </u> can be covered by reinstatement of his OA. Please advise if re-tracing is required.</p> <p>3. Headquarters comments are requested.</p>
